

MULTITOOL

Tool Rest & Tilt Kit Instructions

The Tool Rest and Tilt Kit is an accessory for the Multitool Tilt Stand.

The Tool Rest included is compatible with all Multitool Models.

This box includes:

- Tool Rest
- 2 x Thumb Screws
- Long Bolt
- Washer
- Lever

On the stand, remove bolts and transfer one to the centre hole, sliding the grinder pedestal to the left.

From the back of the stand, thread the longer bolt (included in this kit) through the curved slot and screw the lever on.

The Lever is spring loaded, pull the lever toward you and rotate to desired position. This will unlock the bolt and allow the stand to tilt. (Figure 1.)

Tool Rest Instructions

Slide the Tool Rest onto the contact wheel bracket. Using the 2 thumb screws provided, tighten to hold the Tool Rest in place. (Figure 2.)

Warranty

1 year warranty on factory related faults.
